Centralized Volunteer Tracking Program

Don Guilbeault - 2021-02-11 - Comments (0) - GENERAL

A Message from Marketing!

Good Afternoon,

I have created a centralized tracking form for volunteer hours for 2021. When you use this form, the hours will all be stored in one easy to access report. However, I will send you each a link to a report specifically for your location that will automatically update and you can view as needed.

I have modeled this form off of what a few locations are currently doing, but if there is something the form is missing and you require it – please let me know.

Please follow this link and let me know if you have any issues accessing the form:
https://form.jotform.com/210405175656251

You can save this email or save the link to the site as a bookmark on your browser for easy access in the future.

To bookmark:
Google Chrome

1. Open Google Chrome.
2. Go to the https://form.jotform.com/210405175656251
3. Then select the star icon (far right side of the address bar)
4. A menu will appear: name bookmark, select the folder, and click 'Done'

Thanks everyone!
