## eFax Phishing SCAM

2021-08-17 - Don Guilbeault - Comments (0) - General

Good day everyone,

I would like to make everyone aware that there is another Phishing scam going around with reference to an eFax. This is a great time to remind everyone to **NOT** open any attachments from people you were not expecting communications from. Additionally; always avoid opening attachments that end in .htm or .html These are web based attachments that almost always are used for malicious purposes. I would also like to remind Team Members of the article on the Westview Co-op Helpdesk on tips to identify Phishing emails:
