FAKE Office 365 password expiring SCAM!!!

2023-06-06 - Don Guilbeault - Comments (0) - General

Good Day All,

Please note there is a FAKE PHISHING email going around claiming your Office 365 password is going to expire today.

Key Reg Flags!!!

1. Sender email address is a random Hotmail account.
2. The sense of urgency being portrayed in the email.
3. The text and the link in the email is just picture that makes the entire email clickable to some bogus website.
4. Our Office / Microsoft 365 accounts are not set to expire the passwords and are managed by Westview Co-op IT Administrators.

Please see example below:
