Phishing Alert - 5/22/2023

2023-05-24 - Don Guilbeault - Comments (0) - General

ATTN All Team Members,

There is a SCAM / Phishing email going around claiming that your password is going to expire today for your Microsoft 365 Account. This is a reminder that your passwords are not set to expire and are managed internally. If you receive an email requesting you to reset your password, do **NOT** click any links, do **NOT** open any attachments. Delete the email and remember to also delete it from your "Deleted Items".

See Example of email below:
